Dear Parents/Guardians,

In years past the Cerro Gordo County Department of Public Health has offered flu vaccine to families at the Mason City School's back-to-school nights. With back-to-school nights not taking place in a majority of the Mason City Schools this year, we will not be on site to provide flu vaccine, with the exception of the Harding Elementary Literacy Night and a school based clinic at John Adams Middle School. After the high number of flu cases last year, it is very important to ensure your family receives their flu vaccine this year. In response to this, the Health Department is offering extended hours to be more accessible to families.

The Health Department accepts most major insurances and provides free vaccine to all children who are not insured. Please bring your insurance card with you.

The Health Department is located at 22 N. Georgia Ave. in Mason City. This is the 3<sup>rd</sup> floor of the Mohawk Square building.
