

## Joseph L. Campbell Scholarship

Joseph L. Campbell was a teacher at John Adams Junior High and Middle School for 35 years. Joe was a tough but fair teacher. During his teaching career he coached many athletes in Football, Basketball, Track and Girls High School Softball. Joe was the first coach of the Mason City High School Softball team and coached for 24 years. Numerous former students and athletes would come up to Joe either while in high school or after graduating and tell him how much they appreciated either his class or coaching due to the high expectations he had for his students and athletes and how much they learned from him.
