

**SUBJECT: Iowa's Child Vision Screening Law**

Dear Parent/Guardian,

Did you know that good eye health can help your child be a better learner at school? Early detection and treatment of a visual impairment will also help them as they play. According to your child's school records, there is not a Child Vision Screening Certificate in their file, which means we need your help to schedule a vision screening as soon as possible.

Since 2015, the State has required students entering kindergarten and 3<sup>rd</sup> grade to provide proof of a Child Vision Screening Certificate to their school. The goal of the Child Vision Screening Law is to improve the eye health of children and your assistance is appreciated.

**About the Child Vision Screening Certificate Form**

- The front of the form can be completed by a doctor, a physician's assistant, an advanced registered nurse practitioner, a nurse, a school nurse, or volunteers with Prevent Blindness Iowa or Iowa KidSight and Lion's Club.
- The back of the form must be completed if your child receives a comprehensive eye exam from an eye doctor or ophthalmologist.

**What to Do if Your Child Has Already Had a Screening**

If your child had a screening and their school records are not updated to show this, provide proof of the screening as soon as possible.

- "Proof of the screening" can include a copy of your child's most recent physical, if a vision screening was provided, or
- A letter from your kid's eye doctor with the results of the vision screening, or
- A copy of the results of an Iowa KidSight/Lion's Club volunteer screening.

Remember, if your child has not had a vision screening, please schedule one as soon as possible.

Sincerely,

Amy Chebuhar MSN, RN  
Iowa Department of Health and Human Services  
Child and Adolescent Health/EPSTDT Nurse Clinician
